

THE NATIONAL BOARD *of*  
MEDICATION THERAPY MANAGEMENT  
*Advancing the Highest Standards for Better Health Outcomes*

FOR IMMEDIATE RELEASE

## **NBMTM Announces Final Standard Registration Deadline for BCMTMS(TM) May-July 2026 Testing Window**

**Washington, DC** - The National Board of Medication Therapy Management (NBMTM) is reminding pharmacists that registration to sit for the BCMTMS(TM) Certification examination for the May-July 2026 testing window closes on **April 11, 2026**.

Pharmacists considering the next step in their professional career in Medication Therapy Management (MTM) are encouraged to register now. The May-July BCMTMS(TM) exam window is currently open, and NBMTM urges eligible candidates not to delay.

**Act now:** The registration fee for candidates wishing to test during the May-July BCMTMS(TM) 2026 testing window will increase to **\$550** after the April 11 cutoff date.

### **About the BCMTMS(TM)**

The Board Certified Medication Therapy Management Specialist (BCMTMS(TM)) is a specialty certification administered by NBMTM. The credential supports advanced competence in medication therapy management and demonstrates a commitment to quality and patient safety.

### **Eligibility Summary**

To qualify to sit for the examination, candidates must hold an unrestricted pharmacist license and a pharmacy degree, and must qualify through professional practice experience in MTM (generally two years post-licensure in eligible practice settings) or completion of an NBMTM-approved MTM training program.

### **Registration Information**

Candidates may review eligibility details and register at: <https://www.nbmtm.org/certification/>
