

THE NATIONAL BOARD *of*  
MEDICATION THERAPY MANAGEMENT  
*Advancing the Highest Standards for Better Health Outcomes*

**FOR IMMEDIATE RELEASE**

## **NBMTM Announces BCMTMS(TM) Recertification Fee Increase Effective April 1, 2026**

**Washington, DC** - The National Board of Medication Therapy Management (NBMTM) announces that, effective **April 1, 2026**, the recertification fee for current **BCMTMS(TM)** credential holders renewing for their next five-year certification cycle will increase from **\$300** to **\$450**.

NBMTM encourages certificants whose renewal period is approaching to complete their recertification before the effective date in order to avoid the fee increase.

**Act now:** If you are a certificant holding the BCMTMS(TM) credential and your renewal time is approaching, you can avoid the fee increase by recertifying before **April 1, 2026**.

### **About BCMTMS(TM) Recertification**

BCMTMS(TM) certificants are required to recertify every five years to maintain their credential. Recertification helps ensure continued professional competence and ongoing commitment to quality and patient safety in Medication Therapy Management (MTM) practice.

### **Recertification Registration**

Certificants may begin the renewal process and access recertification information at:

<https://www.nbmtm.org/renewal/>
